

**Williamsport Regional Association of Pilots  
Minutes of Monthly Members' Meeting  
Monday, January 7, 2013**

**Treasurer's Report.** We have \$1,918.34 in the bank.

**Membership.** Nothing new to report.

**Fly-Outs.** Michael presented the tentative flyouts. Which is our favorite? Ed said Tangier. Drake said Geneseo, the largest military airshow on grass. We have to arrive before 0900 and leave after 1630. Marcia said her least favorite was where she broke the bone on her knee (Newark).

**Program.** Michael gave Alex Minium's presentation on Winter Operations. Alex is stuck in Illinois.

NEW BUSINESS

**Heat.** The heater sprang a leak. That's why we have a portable heater. The heat went off because there's no oil. Textron use to take care of the oil. The hangar is heated with gas. The oil delivery is tomorrow morning. Heat is zoned. Only the big room is affected.

**Speakers.** Does anyone have any ideas for speakers? Contact Marlin. We need ideas for March onward.

**Products.** Paul talked about Smart Taxi, a new feature in WingX.

**Airplanes.** There is at least one opening in Larry's partnership (92W). It's a Cherokee 160 based at KIPT.

Jim got his 40 hours done in the RV he built. He's out of the box. He completed the test plan.

**Adjournment.** The meeting adjourned at 2000 hrs.

**Next Monthly Meeting.** Monday, February 4, 2013

Geoffrey S. Knauth <geoff@knauth.org>, *recording secretary*
