

**Williamsport Regional Association of Pilots
Minutes of Monthly Members' Meeting
Monday, January 6, 2014**

Treasurer's Report. We were down to just below \$1,000. We received check which brought us up to \$1,469.93. We should be up to \$1,750 after a few more checks are deposited.

Membership. Larry is on a cruise in a warm place. No report. New faces: Marge Balliet, and Bob Everett from Lock Haven.

Fly-Outs. We had a planning meeting in December. We came up with 9 fly-outs: 6 short, 3 long. We'll start in March and finish in November. It's just a draft at the moment.

- more fly-outs close to home (100nm or less from KIPT)
- more double-headers
- Reedsville followed by Penn's Cave
- Hudson corridor again, with dinner at the Nu-Cavu to follow, in June or July
- lunch at York, dessert at Smoketown
- Falling Water is hard because it sells out and it's hard to get rental cars. We couldn't get a rental van; we were dealing with a used car dealer.

Last year we had our worse season for cancellations because of weather. So we've adopted a new policy for cancellations, so we still get together: when we can't make a fly-out, instead of dispersing, we'll convene at Cloud Nine for breakfast instead.

Program. Michael Bush showed us a program from Pilot Workshops. It was a detailed scenario involving good night VFR over Florida, and the problems a pilot had when he intended to do a practice IFR approach, but accepted a visual instead, and ended up misidentifying the correct airport and runway, only realizing his mistake when he found himself lost at a precariously low altitude.

Adjournment. The meeting adjourned at 2000 hrs.

Next Monthly Meeting. Monday, February 3, 2014

Geoffrey S. Knauth <geoff@knauth.org>, *recording secretary*
